Dear All

Greetings from Symbiosis College of Nursing!

Dear Faculty Members,

Greetings from Symbiosis College of Nursing!

We are pleased to invite you to participate in a **Training Program on Research Methodology**, organized with the objective of strengthening research capabilities and fostering academic excellence among our teaching staff.

Program Details:
Title: Training Program on Research Methodology
Date: 19th May 2025 to 24th May 2025
Time: 10 am to 3 pm
Venue: Online mode

This program will cover key aspects such as formulation of research problems, hypothesis testing, data collection techniques, statistical tools, ethical considerations, and guidance on publication in reputed journals.

Your active participation is highly encouraged to enhance our research culture and promote interdisciplinary collaboration.

Kindly do the registration by 15th May 2025, using the registration link/form:

- Introduced statistical tools for data analysis. Demonstrated basic SPSS and Excel functions for descriptive and inferential statistics. Discussed the interpretation and presentation of results.

1:30 – 3:00 PM | **Quality in Research and Academic Writing**

Speaker: Dr. Seeta Devi A

- Explained the characteristics of high-quality research.
- Shared best practices for academic writing, referencing, and avoiding plagiarism.

Day 6: Saturday, 24 May 2025

10:00 – 12:30 PM | **Publishing Research: Journals, Conferences & Ethics**

Speaker: Dr. Jasneet Kaur

- Covered the publication process: selecting journals, manuscript preparation, peer review. Discussed common challenges and publication ethics (e.g., authorship, duplicate submission).

1:30 – 2:30 PM | **Exercise on Qualitative and Quantitative Research**

Speaker: Dr. Sheela Upendra

- Interactive session where participants applied their knowledge. Exercises included designing research questions and matching them with appropriate research methods.

2:30 – 3:00 PM | **Valedictory Session & Certificate Distribution**

- Closing remarks and feedback from participants. Digital certificates were distributed to all attendees.

As a result of this intensive training, participants gained a comprehensive understanding of research methodologies, data handling and analysis, scientific writing, and ethical research conduct. The program is expected to significantly enhance the quality of academic research in nursing and contribute meaningfully to evidence-based healthcare.

Conclusion

The training programme was well-received, informative, and relevant to modern nursing research demands. The inclusion of hands-on exercises and practical tools significantly added to its effectiveness. The online format ensured accessibility and convenience for participants across different locations.

Symbiosis College of Nursing (SCON), Pune

Report on -Training Programme on Research Methodology

Date: 19th May – 24th May 2025

Mode: Online (via Zoom)

Time: 10:00 AM – 3:00 PM daily

Introduction

The Symbiosis College of Nursing (SCON), Pune, organized a 6-day online training programme focused on "Research Methodology." This programme was designed to provide participants—students, researchers, and faculty members—with a foundational understanding of research processes, tools, and ethical considerations. Given the increasing demand for evidence-based practice in healthcare, this programme aimed to enhance research literacy, especially in nursing and allied health disciplines.

Objectives of the Training Programme

- To introduce the fundamentals of research methodology.
- To differentiate between qualitative and quantitative research.
- To equip participants with skills for formulating research problems and hypotheses.
- To enhance literature review techniques and citation practices.
- To introduce data collection and analysis tools (e.g., SPSS, Excel).
- To provide insights into academic writing, ethical research conduct, and publication processes.

Day 1: Monday, 19 May 2025

10:00 – 10:30 AM | Inaugural & Welcome Address

Speaker: Dr. Sheela Upendra, Dy. Director, SCON

The six-day research methodology training program commenced on Monday, 19 May 2025, with an inaugural and welcome address by Dr. Sheela Upendra, Deputy Director of SCON. She emphasized the importance of research in the nursing field and the need for methodologically sound studies, encouraging active participation throughout the event. The first session introduced key concepts in research methodology, covering definitions and types of research—basic, applied, and clinical—while highlighting the research cycle from problem identification to reporting. In the afternoon, participants explored the differences between qualitative and quantitative research approaches, understanding the appropriate contexts for each and reviewing practical examples from nursing and health sciences.

Day 2: Tuesday, 20 May 2025

10:00 – 12:30 PM | **Formulating Research Problems and Hypotheses**

Speaker: Dr. Jasneet Kaur, Professor, SCON

Dr. Sheela Upendra
Dy. Director
Symbiosis College of Nursing (SCON)
Symbiosis International (Beemed University)Campus
Hill Base, Lavale, Pune - 412 115.

- Guided participants on identifying research gaps.
- Explained characteristics of a good research problem.
- Discussed how to formulate clear, testable hypotheses.

1:30 – 3:00 PM | **Literature Review Techniques and Tools**

Speaker: Dr. Shital Pimpalekar, Associate Professor, SCON

- Explained the importance of a comprehensive literature review.
- Introduced tools like Google Scholar, PubMed, and Scopus.
- Taught citation management using tools like Mendeley and Zotero.

Day 3: Wednesday, 21 May 2025

10:00 – 12:30 PM | **Research Design and Sampling Techniques**

Speaker: Dr. Seeta Devi A

- Discussed types of research design: experimental, descriptive, exploratory, etc.
- Introduced sampling methods: probability and non-probability techniques.
- Emphasized the importance of representative samples in research validity.

1:30 – 3:00 PM | **Ethics in Research**

Speaker: Dr. S.G. Joshi, Director, SCON

- Discussed principles of research ethics: informed consent, confidentiality, beneficence, non-maleficence. Introduced Institutional Review Boards (IRB) and the process of ethical clearance.

Day 4: Thursday, 22 May 2025

10:00 – 12:30 PM | **Data Collection Methods**

Speaker: Dr. Dipali Dumbre, Assistant Professor, SCON

- Explored various data collection techniques: surveys, interviews, focus groups, observation. Highlighted tools and instruments commonly used in healthcare research.

1:30 – 3:00 PM | **Questionnaire Design and Interview Techniques**

Speaker: Dr. Mangesh Jabade, Assistant Professor, SCON

- Explained how to design effective, unbiased questionnaires.
- Covered types of questions (open-ended, closed-ended, Likert scale).
- Provided tips for conducting structured and semi-structured interviews.

Day 5: Friday, 23 May 2025

10:00 – 12:30 PM | **Data Analysis Tools (SPSS, Excel, etc.)**

Speaker: Dr. Javed Dar, Professor, SIT

- Introduced statistical tools for data analysis. Demonstrated basic SPSS and Excel functions for descriptive and inferential statistics. Discussed the interpretation and presentation of results.

1:30 – 3:00 PM | **Quality in Research and Academic Writing**

Speaker: Dr. Seeta Devi A

- Explained the characteristics of high-quality research.
- Shared best practices for academic writing, referencing, and avoiding plagiarism.

Day 6: Saturday, 24 May 2025

10:00 – 12:30 PM | **Publishing Research: Journals, Conferences & Ethics**

Speaker: Dr. Jasneet Kaur

- Covered the publication process: selecting journals, manuscript preparation, peer review. Discussed common challenges and publication ethics (e.g., authorship, duplicate submission).

1:30 – 2:30 PM | **Exercise on Qualitative and Quantitative Research**

Speaker: Dr. Sheela Upendra

- Interactive session where participants applied their knowledge. Exercises included designing research questions and matching them with appropriate research methods.

2:30 – 3:00 PM | **Valedictory Session & Certificate Distribution**

- Closing remarks and feedback from participants. Digital certificates were distributed to all attendees.

As a result of this intensive training, participants gained a comprehensive understanding of research methodologies, data handling and analysis, scientific writing, and ethical research conduct. The program is expected to significantly enhance the quality of academic research in nursing and contribute meaningfully to evidence-based healthcare.

Conclusion

The training programme was well-received, informative, and relevant to modern nursing research demands. The inclusion of hands-on exercises and practical tools significantly added to its effectiveness. The online format ensured accessibility and convenience for participants across different locations.
